DRUM BONNETS

BDVC

Protect Dispensing Equipment By Keeping Dirt & Water Off the Top of the Drum

The Drum Bonnet serves two purposes. It protects dispensing equipment by keeping dirt and water off the top of the drum and it prevents tampering and theft of equipment and contents. Drum Bonnet is secured to the top of your 55 gallon drum and can be locked when not in use (padlock not included).

Model Number	Drum Type Accepts	Features
BDCVR	55 Gallon Closed Head Drums	Lockable Sliding Door
BDCVK	55 Gallon Open Head Drums	Lockable Sliding Door

DRUM PICKER

BDRUM-55-FSP

- Reduce the Risk of Injuries Associated with Moving Drums
- Lifts Drums On/Off Pallets, Floor Scales, and Spill Pallets
- Drums remain Vertical - No Tipping
- Optional Scale Allows Operator to Quickly Check Drum Weight

A simple, safe and effective method that addresses the risks of manually lifting and lowering drums in the vertical position without a forklift. Easily picks up steel, poly and fiber drums, raising to a full 18". Eliminates strained backs, pinched fingers and the risk of serious injuries caused by manhandling drums.

Model Number	Description	Overall Size (W x L x H)	Capacity (pounds)
BDRUM-55-FSP	55 Gallon Steel, Poly or Fiber	39-1/2" x 35" x 18"	800
