# FORK LIFT DRUM DUMPER

**BDCR-205**

The series **BDCR-205**, Fork Lift Drum Dumper allows you to easily transport and rotate 55 gallon steel drums using a fork truck. Drums are held securely in place by a durable chain locking system. Each unit is provided with a 15 foot long operating chain to allow the drum to be rotated from the fork truck operator's seat. Fork pockets measure 6-1/2" x 2-1/2" usable.

| Model Number | Drum Type            | Crank Turns Per 90° Rotation | Capacity (pounds) |
|--------------|----------------------|------------------------------|-------------------|
| BDCR-205-8   | 55 Gallon Steel Drum | 7-1/2                        | 800               |
| BDCR-205-15  | 55 Gallon Steel Drum | 15                           | 1,500             |

*Drum must be full to rotate at rated capacity.*

**OPTIONS:**

- Fiber Drum Adaptor
- 30 Gallon Drum Steel Saddle

# DRUM TIPPER

**BDCT**

The model **BDCT** works best when used with an overhead hoist or chain to position and/or rotate 55 gallon steel drums. The BDCT features a chain crank which allows the operator to rotate drums that are out of reach.

| Model Number | Drum Type            | Rotation Method | Capacity (pounds) |
|--------------|----------------------|-----------------|-------------------|
| BDCT-75      | 55 Gallon Steel Drum | 10 ft. Chain    | 800               |
| BDCT-85      | 55 Gallon Steel Drum | 10 ft. Chain    | 1,500             |

**OPTIONS:**

- Fiber Drum Adaptor
- 30 Gallon Drum Steel Saddle

# DRUM ROLLER

**BDCR-110-55**

Here is an efficient, economical way to handle 55 gallon drums. Sturdy handle provides easy leverage for heavy lifting. Drum is easily rotated and locked in position, 5" to 11" floor clearance. Rolls easily on 8" front wheels and 4" rear swivel casters. Optional Fiber Drum Adaptor and 30 Gallon Steel Saddle available.

| Model Number | Drum Type            | Rotation Method | Capacity (pounds) |
|--------------|----------------------|-----------------|-------------------|
| BDCR-110-55  | 55 Gallon Steel Drum | Manual          | 800               |

# FIBER/PLASTIC DRUM ADAPTORS & UPGRADES

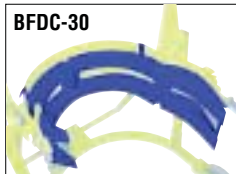

The Fiber Drum Adaptor is designed to hold and support fiber and plastic drums preventing them from getting crushed and ruined. Model **BFDA-800** comes complete with both an adjusting arm and a high strength nylon strap.

Model **BFDC-30** is a Solid Steel Insert that attaches to the inner rim of the carrier/rotator portion of a 55 gallon steel drum handler so that a 30 gallon steel drum can be used.

Model **BFDRS** is a Dual Ratchet Strap to accommodate both 30 and 55 gallon drums. Requires factory installation.

Each adaptor can be utilized in conjunction with: BDCR-110, BDCR-205, BDCT and BHDC-305.
