FORKLIFT DRUM POSITIONER

BFMDL & BFMDL

Lift truck attachments utilize a light duty single automatic clamping mechanism for handling any size steel or plastic chimed drum.

BFMDL-850 is a knockdown unit that bolts together. Fork pockets and safety chain provide a quick and easy installation to most all lift trucks.

BFMDL-1700 attaches to the carriage of most lift trucks and walkie stackers.

These fork mounted drum lifters enable lift truck operators to install or remove the attachment in seconds without any tools. Totally enclosed fork pockets with attached safety chain and cam lock secures the attachment to the lift truck. The clamping mechanism is completely mechanical requiring no hydraulic or electrical connections. Quick adjustable heads allow pickup of various drum heights. Standard belt bases support the lower side of the drum eliminating dents or cosmetic marring.

BFMDL-1500 & FMDDL-3000

Lift truck attachments utilize a heavy duty single automatic clamping mechanism for handling steel, fiber and plastic chimed drums in high volume applications.

Positive action jaws insure safe transporting of drums without damage to drum chimes.

Attachments handling (2) 55-gallon drums, BFMDL-3000, are narrower than the width of the drums themselves. This makes easy unloading of drums that are tightly packed in trailers.

BFMDL-2000 & FMDDL-4000

Incorporates heavy-duty double articulating clamping mechanisms for handling any steel, plastic or fiber chimed drums in high volume applications.

Each drum is gripped with two upper and lower jaws in heads that are spaced about 6 inches apart. The swivel action is operator friendly permitting pickup of misaligned or slightly separated drums. Recommended when handling fiber and plastic drums in excess of 600 lbs. and light gauge open head steel drums.

BFMDL-850

BFMDL-1500

BFMDL-3000

BFMDL-2000

BFMDL-4000

Model Number	Acceptable Drum Types	Capacity (pounds)	Overall Size (W x L x H)
BFMDL-850*	(1) Steel, Poly or Fiber	750	31" x 30-1/2" x 37"
BFMDL-1500	(1) Steel, Poly or Fiber	1,500	30" x 31" x 39"
BFMDL-2000	(1) Steel, Poly or Fiber	2,000	33" x 45" x 39"
BFMDL-1700*	(2) Steel, Poly or Fiber	1,500	37-1/2" x 33" x 57"
BFMDL-3000	(2) Steel, Poly or Fiber	3,000	40" x 31" x 39"
BFMDL-4000	(2) Steel, Poly or Fiber	4,000	40" x 45" x 39"

*LIGHT DUTY UNIT TO HANDLE 100 OR FEWER DRUMS PER MONTH
ALL MODELS ARE AVAILABLE WITH BELT BASE AND NON-SPARKING JAWS FOR HANDLING FLAMMABLES.
